EUROPEAN \$65 Series of 6 Facials \$350.00

This relaxing treatment improves skin's appearance and is customized to each client's particular skin needs. Our deep pore cleansing includes a steaming and thorough extraction to rid the skin of impurities and toxins; a soothing head, hand and arm massage; and an application of masks and moisturizers to soothe and hydrate your particular skin type.

ORGANIC \$85

This nourishing treatment uses products made with organic plant extracts. The gentle lemon, barley and tomato face wash lifts away impurities, leaving skin soft and restored. A deeply enriching cucumber, apple and rice bran mask follows, drawing out deep down dirt for a terrific detox. And the cranberry, watermelon and wheat moisturizer, with its natural anti-oxidants and Vitamin C, smoothes, softens and protects your skin.

TIME REWIND \$70

A unique gel/creme with double-dose enzymatic action for optimal results for a more youthful complexion. 100% natural Papaya and Pumpkin puree enzymes are used to exfoliate flaky, dead surface cells. PepToxyl treatment for face, eyes and hands. Five anti-inflammatory botanicals calm and soothe the skin.

ACNE Treatment for Problem Skin \$65

Treatment for the face, back or chest. This deep cleansing process helps heal and clear blemishes on congested areas. Skin is thoroughly analyzed and steamed then thoroughly extracted. Application of a drying mask and acne serum helps to keep skin smooth and clear.

The glycolic peel provides deep exfoliation without irritation, dissolving layers of dead skin cells and leaving your skin rejuvenated.

VITAMIN C \$65 Series of 6, \$350.00

Topical Vitamin C has been proven effective as a skin treatment for many conditions of the skin such as broken capillaries, dryness, dehydration and loss of tone and elasticity. This surface peel is an exfoliation treatment that removes dull, dead skin cells for a more vibrant, glowing complexion. Also improves tone and texture, strengthening against anti-oxidants.
